SUMMARY

Aspiring Java Full Stack Developer Fresher with hands-on knowledge of Core Java, JDBC, Servlets, SQL, MySQL, HTML5, CSS3, JavaScript, React.js, Bootstrap, and Tailwind CSS. Experienced in developing responsive web applications, implementing CRUD operations, and integrating databases using Java and JDBC. Currently undergoing Java Full Stack Developer training with practical exposure to backend and frontend technologies. Strong problem-solving skills, quick learning ability, and a willingness to contribute to real-world software development projects.

EDUCATION

Vindhya Institute of Technology and Science, Satna, Madhya Pradesh
B.Tech (Computer Science Engineering)

2022 – 2026
CGPA: 7.62/10

TECHNICAL SKILLS

Programming Languages: Java, Core Java, JavaScript, SQL

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS, Responsive Web Design

Backend: Java, JDBC, Servlets

Database: MySQL, Oracle

Tools: Git, GitHub, VS Code, Eclipse, IntelliJ IDEA

TRAINING

QSpiders - Software Testing Training Institute, Noida
Java Full Stack Developer Trainee

Jul 2026 – Present

- Currently undergoing Java Full Stack Developer training with hands-on development practice.
- Building skills in Core Java, OOPs, Collections, Exception Handling, JDBC, SQL, and MySQL.
- Practicing frontend development with HTML, CSS, JavaScript, Bootstrap, and React.js.
- Learning backend technologies including Servlets, JSP, Spring, and Hibernate.
- Developing CRUD applications and practicing database connectivity and problem-solving using Java and SQL.

PROJECTS

Student Record Management System

2026

- Designed and developed a full-stack Student Record Management System using Java, JDBC, MySQL, HTML, CSS, and JavaScript.
- Implemented CRUD operations to add, update, delete, and manage student records efficiently.
- Added student search functionality and performance statistics for quick access to academic information.
- Developed a responsive and user-friendly web interface for smooth interaction across different screen sizes.

Study Planner Productivity

2025

- Developed a responsive Study Planner Web Application to manage tasks, schedules, and study goals.
- Implemented user authentication (login/signup) with form validation.
- Designed a mobile-friendly UI using Bootstrap for seamless cross-device experience.
- Enhanced user experience with interactive components and real-time updates.
- Built dynamic task management with CRUD operations (add, update, delete tasks).

LinkedIn Clone

2025

- Developed a LinkedIn-inspired social platform UI with modern layout and responsive design.
- Created reusable components like navbar, post feed, and profile sections.
- Implemented interactive features such as like, comment UI, and post structure.
- Focused on pixel-perfect design and UI/UX consistency.

CERTIFICATIONS

- Google AI Essentials - Coursera
- Programming Essentials for Python - CRISP
- Microsoft AI Classroom - Microsoft
